

Data Paper Journals

1. Journal of Open Humanities Data (JOHD)

Open Access humanities data Journal.

Scopus Q1 (2022-2026)

E- ISSN 2059-481X

2. Research Data Journal for the Humanities and Social Sciences (RDJ)

Focus on short data papers on humanities.

Scopus Q1 (2020-2024) Inactive

E-ISSN 2452-3666

3. Journal of Open Archaeology Data (JOAD)

Peer reviewed Data papers on archeological datasets for future cross cultural comparative research.

Scopus Q1 (2019-2026)

E-ISSN 2049-1565

4. Journal of Cultural Analytics

Scopus Q1 (2019-2026)

E-ISSN 371-4549

Data intensive articles focused on the quantitative analysis of cultural materials, textiles, literature, and history, promoting clear data sharing and transparency

5. Language Documentation & Conservation (LD&C)

Scopus Q2 (2016-2025) Inactive

E-ISSN 1934-5275

Focus: A specialized open-access journal within linguistics (a core humanities discipline) that publishes papers documenting endangered languages, lexical data, and socio-cultural linguistic contexts, field data and grammar records

6. Data in Brief

Scopus Q1 (2014-2026)

E- ISSN 2352-3409

A multidisciplinary mega-journal rather than a humanities-exclusive outlet, it frequently publishes standalone data articles describing datasets across all fields, including the humanities, social sciences, and educational frameworks. It allows researchers to publish data descriptions without needing to provide extensive theoretical conclusions.
